

MAX LOCHER

SENIOR PRODUCT MANAGER

801-755-1796 • mlocher1987@gmail.com • North Salt Lake, UT • LinkedIn.com/in/maxlocher

PROFESSIONAL SUMMARY

Results-driven Senior Product Manager with 9+ years of experience delivering data-driven analytics and SaaS platform solutions that drive business growth across public safety, health care, and packaging. Proven expertise in SaaS and on-prem software platform solutions that include Microsoft Azure, Event Hubs, Snowflake, Databricks, and MongoDB. I excel at cross-functional leadership, and translating market and customer insights into successful strategic product roadmaps and impactful product strategies. Proven track record of developing business plans, presenting to leadership and PnL development while significantly influencing business priorities.

EXPERIENCE

PRODUCT MANAGER, Reporting, Analytics, Packaging

Packsize LLC | Salt Lake City, UT | February 2023 - Present

- Developed and managed a 3-5 year reporting and data infrastructure product roadmap resulting in new product features launched with revenue potential of \$15 million in annual recurring revenue.
- Spearheaded and enabled the strategic transition from a historically commodity reselling revenue stream to a high-value model centered on integrated machines and software solutions.
- Championed voice-of-customer methodologies through structured interviews, surveys, and Pendo usage data analysis to drive product development priorities.
- Led AI-driven predictive maintenance pilots, demonstrating potential for significant equipment downtime reduction and operational cost savings.
- Architected enterprise reporting platform with advanced analytics capabilities, delivering 10x performance improvement and enabling customers to identify root causes and opportunity areas.

SENIOR PRODUCT MANAGER, Population Health and Analytics

CareJourney | Arlington, VA | July 2021 - February 2023

- Defined multi-year product roadmap and go-to-market strategy for a high-impact data platform solution.
- Developed and maintained insightful dashboards that translated complex healthcare data into accessible intelligence for stakeholders.
- Partnered with engineering, design, and program management teams, ensuring alignment and on-time delivery of high-priority analytics products.
- Contributed to talent acquisition by interviewing product management candidates and aligning hiring decisions with long-term analytics strategy.

PRODUCT MANAGER, Platform

PointClickCare | Salt Lake City, UT | Sept 2019 - July 2021

- Led data migration initiative achieving 75% completion within the first year, establishing foundations for enhanced data accessibility and analysis.
- Integrated Matomo Analytics to capture user behavior metrics, prioritizing feature development based on quantifiable usage patterns.
- Engaged in crucial trade-off conversations with Director and C-level executives during prioritization meetings, effectively advocating for product OKRs and KPIs.

PRODUCT MANAGER, GIS and Mobile

Motorola Solutions | Salt Lake City, UT | Feb 2016 - Sept 2019

- Redesigned in-vehicle mapping solution used by thousands of users, successfully integrating cloud framework (Azure), mobile platforms, and advanced GIS features.
- Orchestrated UX design strategy for multiple multi-million-dollar mapping projects, ensuring optimal user experience and technical feasibility.

- Conducted extensive field research including ride-alongs with officers, translating firsthand observations into product requirements that addressed actual user needs.
